Dear all,

If you have not looked over the first two versions I sent, please discard them and look over the attached version that was developed with input from John Groopman, Dan Krewski and Mary Schubauer-Berigan. If you do have edits on the earlier versions, please send them along and I will work through incorporating them in the new draft.

Mary and Dan, I took all of your edits (except the IMO one) and added one or two of my own.

C.
